About our Director

Laurus MICE Management

Maheen Mohamed
Director / GM

Maheen Mohamed, Director/General Manager of LMM has over 35 years of travel industry and business experience. She is a driving force for her firm's business strategy and growth. Her industry experience and hands-on approach has seen the company make a niche in the market for Quality Business and she is the one responsible for Travel Partnerships, Marketing & Business Development, etc.

My passion for travel was fostered by my early years watching the travel industry take shape and hearing about people's travels. I have enjoyed creating unique travel experiences for a range of customers ever since I started working. As the person responsible for the day to day running of the business I endeavor to ensure my genuine love of travel, fine things and interest in the world, combined with a drive to provide the best service and experience to all our customers, is reflected in all of us here at LMM. I enjoy seeking out new and unique places to visit, hotels to stay, restaurants to visit and music venues that are unique to each place.

Having worked with Emirates Holidays, the leisure travel arms of Emirates as Manager, Group, Incentive & Promotions for the Network 23 years and after that with ITL and Nasser Air Travels/Xperienz Holidays, gave her the necessary understanding that is needed while dealing with clients, suppliers and handling their most important asset, the team. Today, Maheen is very proud of her company's success, which was founded on the principles of integrity, service, expertise, and reliability.

OUR PROCESS

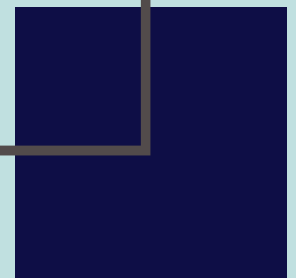

Our client base is extremely loyal and we mainly acquire new customers through word-of-mouth.

Customers contact us with their respective travel requirements, and we search for the best deals on airfare, hotels, etc.

We also provide our customers with a sample itinerary which they can further customize to better fit their tastes and preferences.

We aim to establish a long-term relationship with our customers through phone-call reminders about their upcoming trips, follow-up emails during and after the trip.

We provide extensive services regarding all aspects of travel.

Travel Trends

We are constantly looking for offers that are unique and cater to current travel trends.

For example, we offer cruise deals as the demand for cruise ship travel is growing rapidly.

We are also refocusing our destination packages on lesser-known destinations as people are seeking to travel to more remote and untouched places.

The definition of adventure is changing from risky adrenaline activities to experiencing a new culture and so several of our packages focus on providing our customers with this experience.
